“BOIL WATER NOTICE”

Please be advised that a 6” Main Water Line is being cut and replaced due to numerous leaks.

Repairs will be made on Wednesday, January 14, 2015 beginning @ 8 a.m. and ending @ approximately 3 p.m.

During these repairs, residents will be without water for approximately (8 hours) while repairs are being made.

Please make necessary arrangements to meet your needs.

Once repairs have been completed, System Officials will begin collecting samples for testing and a “BOIL WATER NOTICE” will then be in effect. Officials recommend that you vigorously boil for (1) minute, any water that is to be consumed.

It is anticipated that the “BOIL WATER NOTICE” will be in effect for approximately 72 hours.

You will be notified by City Water Operations when test show water is safe for consumption.

Should you have any questions, please contact your water provider by calling the City of Picayune Public Works Department

@ 601-798-0031 or 601-799-0602 or Operation Helpdesk @ 311.

We apologize for any inconvenience this may cause and great appreciate your patience and understanding.
